**SFPD 4.10** (Rev. 07/04)

**SENATE BILL 1795 JOINT-USE PROJECTS ELIGIBLE SQUARE FOOTAGE**

This form should be included with plan submissions to the California Department of Education (CDE) when a local educational agency (LEA) applies for joint-use funds through Senate Bill 1795. Include this form with the required documents specified on the SFPD 4.07, Plan Submission Requirements for New Construction Projects. (Note: Since this is not a Senate Bill 50 project, it is not necessary to complete Section 1, Department of Toxic Substances Control Determination and Section 4, Classroom Telephones and Public Safety on the SFPD 4.07B, Local Educational Agency Certifications for New Construction. However, if the LEA wishes to claim the urban/security/impacted site allowance for this project, then those sections must be completed.) CDE will calculate the eligible square footage based on the LEA certified site enrollment and the worksheet on page 2.
